

FOR IMMEDIATE RELEASE

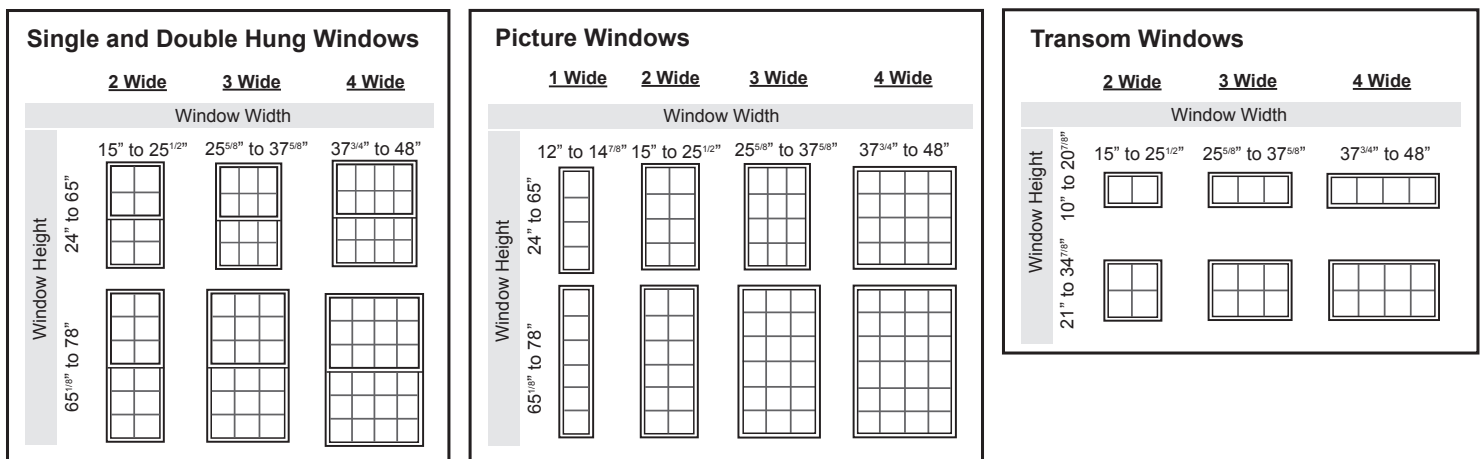

Grid Pattern Changes To New Construction and Replacement Windows

April 29, 2007- In response to customer feedback, Seven D Industries, LP is implementing changes to standard colonial grid patterns. The changes will effect all Seven D Industries window series.

Effective May 1, 2007, all windows measuring 37^{5/8}" wide, with colonial grids will now be manufactured with a 3 wide pattern instead of the previous 4 wide pattern. This extends the 3 wide pattern beginning with windows that are 25^{5/8}" wide on through windows that are 37^{5/8}" wide.

The drawings shown below are basic guidelines for single hung, double hung, picture window and transom colonial grid patterns. For detailed grid pattern charts call your Seven D Industries customer service representative or download the charts online:
