

SPECIALTY WINDOWS

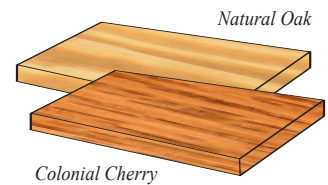

4000 Awning Windows

Heavy Duty Fusion-Welded Awning Windows

Frame & Sash

- Virtually maintenance free easy clean vinyl finish.
- All-welded frame & sash for superior structural integrity.
- 3 1/4" Frame.
- Multi-chambered extruded vinyl construction, enhancing the strength of the window, creating a thermal break for insulation.
- Full perimeter bulb seal on both sash and frame.
- Optional woodgrain laminate on the interior of the window unit giving the look of natural wood with the benefits and convenience of vinyl.

Hardware

- Frame mounted operating handle.
- Worm gear driven operator.
- Hardware features special coating that resists excessive weathering.

Glass

- 3/4" Insulated glass units using warm edge Intercept® Spacer.
- Optional: Low-E/Argon Gas filled glass units providing superior year-round comfort and savings.
- Optional tempered, obscure or tinted glass.

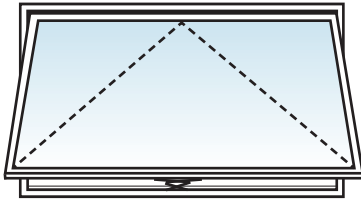

Screen

- Color coordinated removable extruded aluminum screens with corner keys. Assuring a tight fit to allow ventilation while keeping debris out. Inside removable.

Internal Grids

- Between the glass contour grids offer the look of a divided lite with the added ease in cleaning. Available in tan or white and in three styles: Colonial, Diamond and Prairie.
